## INSIDE THE MAGICAL TOYSHOP

(Grades 2-4)

WEST: June 15-18 9:00-12:00

Who is the magician that owns this mysterious, magical toyshop where nothing is what it seems? Where does the silver key lead that hangs around his neck? What is this strange invitation you received to come (ALONE!) to the toyshop on the last Saturday of the month at 8:23 p.m? Do you dare to attend?

You're LOST! Jagged lightning streaks across the thundering, angry sky, illuminating a towering mansion perched on a hill. Flickering lights and spine-chilling shadows beckon from its cracked windows. As blinding, cold rain pelts your face...there is no choice but to enter. You will spend 12 hours TRAPPED inside those crumbling walls that hide creepy characters and scary stories that have never escaped those ancient gates. Will you be the first to write these tales? It's not too late to run!

## PHOTOGRAPHY & STORYTELLING

GRAB your cameras or iphones! Together we'll photograph the secret nooks and crannies of Little Italy to craft an intriguing tale. We'll explore composition and design and lights/shadows to create the right mood for your story. Will your photographs be the unraveling of a mystery, the secrets of an enchanted world, or an exhilarating race against the clock? What story will YOU tell?
